**RESOLUTION**—Determining the Necessity of Assessing the Cost of Improving a Portion of Cedar Street, in the City of Lubbock, by Constructing and Putting in Fourteen-foot Concrete Sidewalks in Front of Lots No. 11 and 13 in Block No. 133 and Five-foot Concrete Sidewalks in Front of Lots 16, 17 and 19 in Block No. 149. Against the Owners of said Property and Their Property, and Notice Thereof, and Fixing the Time and Place for Such Hearing.

Be It Resolved by the City Council of the City of Lubbock, Texas:

Whereas, The City Council has heretofore, by resolution, directed the improvement of a portion of Cedar street by the construction of fourteen-foot concrete sidewalks in front of and abutting Lots Numbered Eleven (11) and Thirteen (13), in Block Numbered 133; and Lots Numbered Sixteen (16), Seventeen (17) and Eighteen (18), in Block Numbered 149 on Cedar street; and, Whereas, thereafter plans and specifications were prepared by I. A. Hitchcock, City Engineer, for the City of Lubbock, and advertisements made for bids therefor, and thereafter bids were received, and opened, and considered by the City Council, and thereafter the bid of J. B. Pryor for the said work of improvements was accepted by the Council; and,

Whereas, and thereafter said engineer prepared and filed with the City Council his report, stating the total cost of such improvement and the proportion of such costs, payable by each owner of said abutting property, and the cost of such improvement per front foot of abutting property, and the names of the persons, firms, corporations and estates owning the property abutting on the proposed improvement, with a description of their property and the total costs of such improvement to each parcel of property; and,

Whereas, said report was approved by the City Council by resolution; and,

Whereas, the City Council has finally determined to assess the cost of said improvement against the owners of the said abutting property and their property;

1. That it is finally determined hereby to assess the cost of said improvement against the owners of the property abutting upon said streets and their property, as herein provided. That a hearing shall be given before the City Council to the owners of said abutting property, their attorneys or agents, which hearing shall be held in the Council Chamber in the City of Lubbock, Texas, on the 12th day of April, A. 2. That, after said hearing, said Council will, by ordinance, assess against the owners of said property and their property, such sums as shall be determined to be just and equitable, and that said assessment will be made in accordance with the front-foot plan and rules, as the frontage to each lot is in the whole fronting to be improved; provided, if the said rule or plan shall be determined in any case to be unjust or inequitable, then that the Council will adopt such rule of apportionment as shall be just and equitable, having in view the benefits to each owner, and burdens imposed upon them; provide, that no assessment shall be made against any owner or his property in excess of the benefits of said property in the enhanced value thereof, by reason of said improvement.

# SETH WARD'S NEW PRESIDENT

C. L. McDonald Elected to Presidency of Methodist College at Plainview, Succeeding President Pearce

C. L. McDonald is president of Seth Ward. That means a new administration. It is Mr. McDonald's purpose to carry out, as far as possible, the policies which retiring President Pearce has used successfully.

The Board of Trustees elected Prof. J. E. Willis to aid President McDonald in working out these policies. It is a new Seth Ward, because of the endowment which President Pearce and the Board have ready to turn over to the incoming administration. No other junior college in Texas has an endowment of \$75,000.

It is a new Seth Ward, because President McDonald and Mr. Willis will bring new blood into the institution.

The new men are experienced educators. They are fitted by birthright and training, by experience and by natural preference for the work they are undertaking.

It is the purpose of the Trustees to extend the scope of the institution. President McDonald will be able to spend more time in the field than his predecessor could do. He will acquaint more Northwest Texas people with the advantages offered them right at home.

Seth Ward has the ideals of the

Northwest; the inspiration of a confident new country of large vision and of rapid growth.

The boy or girl who will live in Northwest Texas gets out of touch with the country when he or she spends the formative years of life in a school away from here. This is invaluable.

Seth Ward is new in administration, in an endowment of \$75,000. But is old in ideals, in inspiration, in the inspiration given to boys and girls who have gone out from its walls.

It is a Seth Ward in that it is ready to do larger service for Plainview, for the church which owns it for Panhandle boys and girls. The college deserves your hearty cooperation and support.—Plainview Herald.

Popularity still increasing—"Butterfakes"—H. H. Martin. (36-11)

Moving time seems to be here. During this week R. Alshbrook moved to the Jno. Glenn home to the Dickinson bungalow; J. B. Cate, who was a former occupant, moved closer to his place of business with the Radford Grocery Company into Mrs. Clara Abney's new house; Geo. W. Briggs moved from the N. R. Porter home to the Glenn place, he having purchased it for a home.

The road to happiness—use "Butterfakes"—H. H. Martin. (36-11)

Uncle Sam is waging a relentless war on the deadly house fly, and in late bulletins prepared by the Department of Agriculture, valuable information is given on the best means of combating this deadly pest. The most effective method of exterminating the fly, according to the bulletin, is to eradicate his breeding places. The breeding season of the fly in Texas begins early in March and continues throughout the spring and summer months. All dirt should be removed from the premises, stables cleaned and decaying vegetables destroyed. The fly has rightly been dubbed the "undertaker's traveling salesman," and in addition to his regular line of typhoid germs, he carries a side-line of tuberculous, Asiatic cholera and other equally dangerous disease germs. Now is the time to swat the fly.

"Butterfakes" is the sanitary bread. R. H. Martin. (36-11)

John R. King is having an addition built to his cozy home in the northwest part of town. W. M. Dixon is doing the work. Mr. King has recently erected a windmill and has planted trees around his place, and will soon have one of the attractive homes of the city.
